

First Meeting of the Praia Group

 17-19 June 2015  Praia, Cabo Verde

Introduction

The Praia Group on Governance Statistics met for the first time in Cabo Verde from 17-19 June 2015 to discuss the conceptualization, methodology and instruments for producing statistics related to governance, peace and security, relevant to Goal 16 of the Sustainable Development Goals (SDGs). The meeting was organized by the National Institute of Statistics (INE) of Cabo Verde in partnership with UNDP, Spanish Cooperation and PARIS21.

Objectives

Main objectives of the meeting include:

- Present and share the experience of the Praia Group members in measuring governance;
- Define the road map 2016-2020; and
- Set priorities of the Praia Group.
